Election/Restrictions

Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. Claims 1-13, drawn to apparatus, classified in class 248, subclass 71.
- II. Claims 14-16, drawn to methods, classified in class 405, subclass 154.

The inventions are distinct, each from the other because of the following reasons:

Inventions I, and II are related as apparatus and process of use. The inventions can be shown to be distinct if either or both of the following can be shown: (1) the process for using the apparatus as claimed can be practiced with another materially different apparatus or (2) the apparatus as claimed can be used in a materially different process of using that apparatus (MPEP § 806.05(h)). In the instant case, the apparatus could be used as a cable clamp.

During a telephone conversation with John Casperson on 10/4/05 a provisional election was made with **traverse** to prosecute the invention of group I, claims 1-13. Affirmation of this election must be made by applicant in replying to this Office action. Claims 14-16 are withdrawn from further consideration by the examiner, 37 CFR 1.142(b), as being drawn to a non-elected invention.

EXAMINER'S AMENDMENT

Art Unit: 3632

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John Casperson on October 12, 2005.

The application has been amended as follows:

Claims 14-16 have been cancelled.

Allowable Subject Matter

Claims 1-13 are allowed.

The following is an examiner's statement of reasons for allowance: wherein the cap portion, when in the latched position, has at least one upper leaf spring portion extending angularly toward the longitudinal axis of the tunnel for biasing a tube away from the cap portion.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
